

## LETTER OF RECOMMENDATION

HEJLSKOV, 31ST OF OCTOBER 2017

To whom this may concern,

It is my pleasure to recommend Diana Lund for her future employment. Diana has been employed by Jacob Jensen Design from April to November 2017 as Graphic Designer in our Danish design studio. The employment has been a time limited project assignment.

During Diana's time with our company, she has worked on multiple projects for clients in our studios in Denmark, China and Thailand. Her work has included (among other things):

- Creative concept development
- Design of logotype and visual identities
- Design of graphic elements such as icons, patterns and illustrations
- Development of marketing materials for both printed and electronic media
- Development of Design Manual including artwork files, illustrations, templates, etc.
- Update of our website (Drupal platform)

As Graphic Designer, Diana has proven to have a great aesthetic eye for details and a good sense of typography, colours and composition. She is a quick learner and has during her employment demonstrated skills in Adobe CC (InDesign, Illustrator and Photoshop). Diana has shown huge responsibility and solid creative performance in her work as well as the ability to work under pressure.

Diana is a positive and lovely person, who is liked by both clients and colleagues. I therefore recommend Diana without any reservation.

You are more than welcome to contact me, if you need additional information or have any questions.

With kind regards,

Rikke Boe Nielsen
